October 2, 2013

The Township of Springwater
Mayor Collins and Council
2231 Nursery Road
Minesing, Ontario  L0L 1Y2

Dear Mayor Collins and Council:

**RE: Requested Support for Ground Water Project Proposal: Three Dimensional Mapping of Quaternary Deposits in the Central Simcoe County Area.**

At the September 27, 2013 NVCA Board of Directors meeting, the Board of Directors received the attached staff report entitled “Ground Water Project Proposal: Three Dimensional Mapping of Quaternary Deposits in the Central Simcoe County Area” and the following resolution was passed:

**Resolution:**

BE IT RESOLVED THAT: the NVCA Board of Directors supports and endorses the “Proposed Ground Water Study of the 3D mapping of Quaternary Deposits in the central Simcoe County area” with full funding provided by the Ontario Geological Survey, and

FURTHERMORE THAT: a letter indicating the NVCA Board of Directors support for the study proposal be forwarded to the Ontario Geological Survey, and that letters be sent to the Councils of Springwater, Clearview, Wasaga Beach, and Collingwood with a request that they also consider resolutions of support.

In support of this resolution, I am requesting that your municipality look favorably on this project proposal and provide a resolution/letter of support.

The protection and management of groundwater is extremely important to the health of our current and future communities. The NVCA believes this proposed project will provide important science, contributing to the sustainable use of our ground water resources. Should you have any questions regarding this proposal, please contact Ryan Post NVCA Hydrogeologist at ext. 249 or the undersigned.

Sincerely;

Wayne R. Wilson, CAO/Secretary-Treasurer

Encl.
